### FROM THE PASTOR'S DESK: "THE YEAR OF PRIESTHOOD"

On June 19<sup>th</sup> Pope Benedict inaugurated the Year of Priesthood. To celebrate the 150<sup>th</sup> anniversary of the death of the saint Cure of Ars, St. John Mary Vianney the patron saint of priests. It must be year that is both positive and forward looking in which the Church says to her priests, above all, but also to the Faithful and the wider society by means of mass media, that she is proud of her priests, loves them, honours them, admires them and that she recognizes with gratitude their pastoral work and the witness of their life. Truthfully priests are important not only for what they do but also for who they are. Sadly, it is true that at the present time some priests have been shown to have been involved in gravely problematic and unfortunate situations. It is necessary to investigate these matters, pursue the judicial process and impose penalties accordingly. However, it is also important to keep in mind that these pertain to a very small portion of the clergy. The overwhelming majority of priests are people of great personal integrity, dedicated to the sacred ministry; men of prayer and of pastoral charity, who invest their entire existence in the fulfilment of their vocation and mission, often through great personal sacrifice, but always with an authentic love towards Jesus Christ, the Church and the people, in solidarity with the poor and the suffering. It is for this reason that the Church is proud of her priests wherever they may be found. May this year be an occasion for a period of intense appreciation of the priestly identity, of the theology of the Catholic priesthood, and of the extraordinary meaning of the vocation and mission of priests within the Church and in society.
